**In April I'll be sharing my songs with the National Catholic Education Conference in Baltimore with a children's choir from my alma mater—Ascension!**

## February is for lovers...

The Holidays have passed, the New Year rung in; St. Valentine's Day is the only 'event' to celebrate during the short, cold and empty month of February. The popular customs associated with this day must have had their origin in a conventional belief in England and France during the Middle Ages, that on 14 February, that is, half way through the second month of the year, the *birds began to pair*. For this reason the day was looked upon as specially consecrated to lovers and as a proper occasion for writing letters and sending tokens of affection. The greatest lover that ever lived has been our God—who has loved us from the very beginning, and has never stopped and never will. Wouldn't it be only right to send Him a little thought or a token of our love once in a while this month?

## Special Thanks...

I'd like to thank all the wonderful music directors from various area churches who have invited me to share my ministry with their parishes; especially: Paul Binko, Kathi Hielt, Bonnie Kabara, and the Friars at the Shrine of St. Anthony.
